Basic Questions Mixed In Routine Details Of City Fathers Pre-Armistice Meet

"Where Is \$23,000 Extra Coming From? By Next Oct First," Aks Mayor

We begin this fiscal year's operation with an approximate \$15,000 of unpaid bills, and I want to see where the money came from and make sure it is by the end of the year," Mayor Rabin told the City Commission Tuesday night. "Furthermore we will select a City Manager out of the 22 applicants we have and then we take it from there." The affidavit of Commissioner Ashley makes no direct accusation of irregularities by the Superintendent, but implied that there were. The affidavit on our part is that he participated in the warrant that he signed, and that he saw the equipment unloading rock in the driveway of the Judson Pennington home. The affidavit of Mr. Leland Keene, who directed the unloading and proceeded to the rock in the driveway of the Lively and Humphrey homes under instructions from Mr. Pennington. The two affidavits do not agree on this point.

This question came up following a two-hour ding-dong consideration of minor questions for the City Commission, and after Commissioner Carlton had requested authority to spend \$4,000 on southeast First Avenue.

Noade of approval indicated that the other commissioners were in agreement with the Mayor in his announcement of his intention to "cut spending, so that we can get on a level keel financially."

Just previous to this turn of events, the City Finance Committee had made its report in which it is a pessimistic manner had chided the two "paps" for allowing "personal and financial feelings" to affect the City's business.

Quite a crowd of property owners appeared expecting to talk seriously with the Commission about changes in zoning, but the body had slipped and the audience had "jelled" to the official notice of the Commission.

The "Keefauver" Committee gave the following report on their findings:

Rardin Gets Help Of Road Board In Connors Hiway Aid

Rebuilding of Connors Highway became the county's highest priority road project this week.

Moving the project to the head of the list was the work of County Commissioner Paul Rardin, Canal Point, who said rebuilding of the road was an emergency and should be placed ahead of all other county road and bridge programs.

He won the support of the entire commission for his suggestion and the board adopted a resolution to do what the Road Department was taking to immediate action be taken to rebuild the flood damaged road.

Rardin pushed for quick adoption of the resolution in order that State Road Department engineers could be put to the job immediately. He said they planned early to submit bids to the State Department during his January meeting.

Rardin said early rebuilding of the 20-mile strip of road between Twenty Mile Bend and Canal Point had the approval

of State Road Board Member Tom Manuel of Ft. Lauderdale. Tom Manuel and Paul Rardin had made an inspection of the heavily damaged road and agreed to push for early improvement.

Connors Highway is one of the county's major roads between the East Coast and the Glades. In recent weeks the road has been closed because of heavy rains which poured over the highway during last month's heavy rains, making the road impassable.

Rardin said that highway crews are now attempting to patch the highway in order that it can be reopened to traffic.

R. C. GOLDEN OPTOMETRIST REOPEN CLEWTON OFFICE

Robert C. Golden will resume practice in Clewiston, opening his office November 20th in the new Miller building.

Dr. Golden was previously associated with Dr. John McWilliams, Fort Myers, and conducted a practice in Miami, before moving to Clewiston recently.

HOSPITAL NOTES

Ed. D. Humphries is a medical patient at the Belle Glade Memorial Hospital.

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

ship was moored at Port Everglades. The ship has now returned to Norfolk, Va.

The arrival home last week of S/Sgt. and Mrs. E. W. Lyons and three year old son came as quite a surprise to his parents. Mr. and Mrs. Lyons, and S/Sgt. Lyons, who has been based at Fairford, England the past year, expected to be there many months, but was suddenly transferred back to the states for advanced training. The family arrived by plane last weekend and following a visit here will report November 25th to Chicago Field, Illinois.

Lyons, who has been serving with the Air Forces the past five years, attended schools in Meteorology at St. Louis, Illinois, and Leavenworth, Kansas, before going overseas.

OCECOLA ARCHERS HOSTS TO ARCHERY TOURNAMENT

Ocecola Archers will be hosts to the next Glades Archery Tournament to be held at 8:00 am Saturday, November 28 at the ball park in Ocecola Camp Community, Belle Glade. Interested persons and adults interested in this "king of sports" are mighty urged to attend this meet which will provide valuable practice for shooting both target and field games. An entry fee of 10¢ for youths and 20¢ for adults should reach Julian Griggs, Chosen, Florida not later than Friday, November 27.

Archers for winners in the following divisions are being held by Dr. Paul Llewellyn.

First division; youngsters up to 10; Second, 11 to 13 year olds;

Third, 14 thru 16; Fourth, adults.

There are special divisions for the fair sex if enough girls participate to warrant that. We are particularly urge shooters from Belle Glade proper, from South Broward and from Camp Polk to take part in this tournament. There are no entrants from these communities in the last meet.

Entrants should bring a bow and two arrows, plus a broadhead.

Pahokee's local archers are being asked to provide two of the targets with whatever novel target faces or shooting instructions they desire.

You may get advance practice information on archery tackle should in Pahokee see Coach Leland Keene or in Belle Glade contact Julian Griggs.

of State Road Board Member Tom Manuel of Ft. Lauderdale. Tom Manuel and Paul Rardin had made an inspection of the heavily damaged road and agreed to push for early improvement.

Connors Highway is one of the county's major roads between the East Coast and the Glades.

In real testimony Mr. Leland

stated the bulk of the rock he

placed in the driveways of Live-

ly and Humphrey's which total-

led to the accident.

According to Trooper Charles McWilliams the White truck driven by Shoop went across the center line into path of the Plymouth sedan driven by Eddie Muller, 16, of Ft. Myers High school. Muller, 16, of Ft. Myers had slowed down but the impact of the truck pushed the sedan 112 feet back up the road.

Mark Muller, Eddie's brother, who was driving the car, suffered a fractured right thigh.

Bright Spot Shows With Some "Good" In Monday Market

Slaughterers Take 62% Of Total Sale \$773

An excellent trend in any market which sells 75 to 65% to slaughterers is the appearance of "good" grade steers, as was the case Monday and several times recently in the local market.

Sale of Monday, Nov. 9, 1953

773 cattle \$51,563.88

Steers — Good 18.50; Coml. 13.26-15.50; Can. 11.00-13.25; Cut. 7.50-11.50; Can. 7.25-9.50.

Heifers — Coml. 13.75-14.25; Coml. 12.50-14.50; Cut. 9.00-10.00; Cut. 7.25-7.75.

Calves — Choice 14.50-15.00; Good 12.00-13.25; Coml. 9.00-12.00; Ugly. 8.00-9.75.

Cows — Ugly. 9.50-12.00; Cut. 8.00-10.00.

Bulls — Coml. 12.50; Ugly. 10.75-12.00; Cut. 9.75-11.25; Can. 8.25-8.75.

Stokeys — 7.00-8.50.

Heifers — 7.00-8.50.

Calves — 2.00-12.75.

Included in the run were 14 bulls, 263 steers, 150 cows, 247 calves, 34 yearlings, 59 heifers.

BASIC QUESTIONS

(Continued from Page One)
ed \$6 was placed on the
upward slope of the street
line and the property lines or
City property, but a small
amount was placed in some
holes in these driveways which
was on private property. In
these questioning remained, pri-
soners were involved as labor
in the actual filling of holes
or private property at the Live-
ly and Humphrey driveways.
Commissioner Ashley was
questioned on his solicitation of
affidavits and his method of ob-
taining the Brook's affidavit
in particular, which was dis-
carded.

Commissioner of Streets Carl-
ton was questioned in general on
his knowledge of operation of
the Street Department and in
particular on his instructions to
Superintendent Pennington in
reference to the driveways in
question.

City Clerk Anderson was

questioned on the method of
record keeping in reference to
the Street Department.

The conclusion of the mayor's
committee drawn from the affid-
avits and witness testimony is as follows:

Commissioner Ashley is to be
commended for his zeal in in-
vestigating what he thought
improper use by City equip-
ment and the manner handled

an unethical manner since the

Commissioner of Streets and the
Superintendent of Streets would
have been concerned with

by Commissioner Ashley. If no

cooperation or satisfaction could

be gained by Commissioner Ash-
ley in this case, and since he

had the right to do so, then it might

be the case, that the mayor could

have been brought before the

full Commission for handling
without resort to affidavits.

With reference to Commissioners

of Streets and Superintendent

Carlton, the mayor stated this
committee also finds he was not
fully posted and apparently did
not know where the City prop-
erty ended and the private
property began.

Commissioner Carlton was
very busy in his instructions to
Superintendent Pennington in
reference to the Lively and
Humphrey driveways. His in-
structions were "put up
holes" with specific instruc-
tions as to whether this means

the approach on City prop-
erty or the holes on private prop-
erty. Due to the limited time
available the Committee can de-
vote to City business under the
present system of City Govern-
ment, the Superintendent of
Streets has been allowed a wide
amount of discretion in his op-
erations. In the interests of the
Judson Pennington approach,
Commissioner Carlton was not
aware of the work that had
been done which included the
filling of 48 holes of rock supplied
by the property owner on the
private part of the driveway by
City equipment.

He further stated that the
work done by the property
owner on the private part of
the driveway by City equip-
ment was a matter of record
in his office before the
Superintendent, but the City
has not yet been paid for the
use of this equipment almost
two months after that particu-
lar part of the work, since Su-
perintendent Pennington would
not accept the bill for the
use of this equipment.

This committee could carry
on investigations into the other
departments of the City, but
it has finally concluded that
the best way to help the City
would be the absence of a full
time active head, operating all

work on private property be ab-
solutely forbidden.

2. That the Commissioner of
Streets read the daily activity
reports of the Street Superin-
tendent and be fully aware of
the progress of this department.

3. That the record keeping
methods of this department be
overhauled to include auth-
orization by the Commissioner for
all jobs.

4. A definite plan be laid
out in advance by the Commis-
sioner and the Superintendent
to eliminate unnecessary man-
agement by prearranged areas on a
definite schedule.

5. When a private citizen
requests that work be done on
private property by the City
and the Superintendent is
called to the Street Commissioner who
will in turn get approval from
the full Commission and thus it
will be a matter of public record
and eliminate any chance for
favoritism.

6. That the activity reports
be turned in daily to the City
Clerk and followed through with
billing and collecting if work is
done on private property is auth-
orized.

7. That inter-departmental
work done by the street depart-
ment when completed, be obeyed
by the heads of two depart-
ments involved and the proper
inter-departmental charge be
assumed.

8. That the purchase of all
materials and the eventual use
or disposition of same be made
known to the public and physical in-
ventories of all City property
taken periodically as the City
Commissioner sees fit.

9. Besides reviewing the tem-
porary work done by the commis-
sioner, the Commissioner
should be given the power to make
any changes against the Superinten-
dent of Streets but it does find
that the loose overall operation
of the department has led to
many unnecessary losses in
cooperation, the opportunity for
losses, and a resulting higher
cost of operation to the taxpay-
ers than is necessary.

10. That the political aspects and
personal and political con-
cerns have had more a
passing influence on the street
department to the detriment of
the taxpayers and that personal
feelings be eliminated from
the Commissioner (principal). Inquiries
may be made direct to the Com-
missioner of Streets C; if you wish to inquire of me
if office the request will be
handled with the Commissioner.

Resolution of the Week: That
the Florida Senators and Con-
gressmen immediately recom-
mend that these two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

This committee could carry
on investigations into the other
departments of the City, but
it has finally concluded that
the best way to help the City
would be the absence of a full
time active head, operating all

work on private property be ab-
solutely forbidden.

The conclusions of this com-
mittee are as follows:

1. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

2. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

3. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

4. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

5. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

6. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

7. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

8. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

9. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

10. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

11. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

12. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

13. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

14. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

15. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

16. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

17. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

18. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

19. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

20. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

21. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

22. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

23. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

24. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

25. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

26. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

27. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

28. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

29. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

30. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

31. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

32. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

33. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

34. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

35. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

36. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

37. That the two afore-
mentioned Commissioners find
a basis on which they can co-
operate to the interests of the
taxpayers and that is what they
were elected for.

38. That the two afore-

Why more than a million owners this year have chosen the "Worth More" **FORD!**

They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one fine car in the low-price field. It gives you the "Go" style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

MRS. WALTER BECKHAM
(Continued from Page One)
20 years and is the mother of three grown sons, now married. She is a member of general board of missions of the Methodist Church.

In her talk on better homes, Mrs. Beckham told the group that most surveys and reports showed the moral conduct of youngsters 25 years ago was no different than their conduct today, but there were more church programs to teach them. She do and see what they hear and their conduct reflects back to the home. A child should be loved and not indulged. They need the love and understanding of their parents. It is important to feel that they are needed and wanted, and should be required to share duties and responsibilities in the home.

Large families are becoming more popular every day. The trend today is a 3 plus family and will probably be 4 plus by 1960.

Mrs. Beckham went on to say that a child should be encouraged to enter the teaching profession, that there are fewer teachers than ever before due to the salary. A rise in teacher pay would encourage better standard of educational program. Children must have cultural and recreational facilities adequately provided. The cost of living for liquor, tobacco, etc., has increased and should be required to share duties and responsibilities in the home.

Teachers of the community should be encouraged to participate in community affairs in order to have a well rounded wholesome community. The community should have public safety and recreational programs available to the public.

Parents of the community should be encouraged to participate in community affairs in order to have a well rounded wholesome community. The community should have public safety and recreational programs available to the public.

During the business meeting presided over by Mrs. Guy Wood, president, Mrs. A. E. Kirchner, manager, the annual dues were paid. Total amount paid PTA members to date; Mrs. Ercel Mixson, chairman in charge of furnishing the 3 teachers lounge, reported on progress made in the lounge. Total amount paid for furnishings she was allowed an additional \$150. If needed; Mrs. C. D. McClure, Health Chairman reported 367 elementary children participated in the school health aide held recently at the school.

Recommendations of the board approved were: To allow \$25 for Fire Aid; To pay \$180 to the local chapter of the Family Institute. To pay for the cost of having playground equipment removed from the old to new elementary school grounds. Also to pay for printing of books for the new elementary school. The PTA was also authorized to write a letter to the Hospital Board in an effort to secure a physician, preferably one experienced in obstetrics and gynecology, to serve the school.

A committee of volunteers, Mrs. Herman Bart, Mrs. J. A. Pike, Mrs. C. D. Dooley, and Mrs. Henry Blum agreed to act as a planning committee to secure housing accommodations for teachers.

Mrs. David Notes was hostess chairman for the meeting with the following co-hostesses: Mrs. Shirley B. Miller, Mrs. K. K. Brundage, Mrs. W. K. Whillock, Mrs. T. E. Hollingsworth, Mrs. J. Cherry, Mrs. Beall Cook, Mrs. Junius Harris, Mrs. Lee Berryhill and Mrs. Malcolm Bedsole.

Activities of Glades Scouts

"Under the Green Umbrella" is the slogan chosen by the group of individuals working toward the formulation of an area council in the Palm Beach area. Immediately one may ask, "Why join an area council?" The answer is obvious—through an area organization more girls can become Scouts; girls can be given better Scouting by a larger force in an area council; an area council can afford camps, programs, equipment and professional staff beyond the means of small independent groups. The Scout groups in Belle Glade, Pahokee and Clewiston have worked as "Lone troops" throughout the years which means all correspondence has been carried on through the National Headquarters in New York City. This has at time been quite unsatisfactory both to local leaders and to National Headquarters. Under an area council participating communities will have the advantage of being able to pool their resources.

area council in the Palm Beach area. Immediately one may ask, "Why join an area council?" The Scout groups in Belle Glade, Pahokee and Clewiston have worked as "Lone troops" throughout the years which means all correspondence has been carried on through the National Headquarters in New York City. This has at time been quite unsatisfactory both to local leaders and to National Headquarters. Under an area council participating communities will have the advantage of being able to pool their resources.

The following questions and answers will clear up questions in the mind of the reader in regards to the Area Council and how it works.

Total Coverage

What are we going to get out of this?

1) You will be able to offer Scouting to more girls.

2) You will be able to have a well-rounded training program for more volunteers than previously have been possible.

3) You will increase the quality of the program.

4) Through cooperative effort, you can expand your camping program and offer progressive opportunities that will reach all girls.

5) With the guidance and help of your professional worker you can strengthen and enlarge your total program.

6) You will unify and strengthen our neighbors and our community.

7) You will have more contact with other communities and with your national organization.

8) You will assure stronger and more effective councils.

Property and Finance

How much will it cost?

There is no one answer to how much it will cost. The cost will be based on the size. Each council is different in size, in needs and resources. A National Staff Member will help owned by individual towns?

1) Your finance committee will recommend a policy for organization and final adoption by your council as a whole. See Finance Manual.

2) Girl Scout Houses are held in the name of the new council. Money for upkeep and for forth coming expenses will be collected by the financial budget.

3) Towns without community chests or town without community chests are often found in the same council.

Would our money go out of town, and would any of it come back?

The decision as to where the money is actually banked is up to the council. Most councils find it much more efficient to

you find the answer to this question: "What would be our town's share?"

The amount is determined by a committee on which your girl's representative will help. It will be based on contributions of committee members who knew the needs and resources of the various communities. Every effort to divide fairly and proportionately is made.

How do we get the money?

The money would be obtained by cooperative effort through the community chest drive or through fund-raising campaigns; both methods have often used with the same council.

What happens to property now owned by individual towns?

1) Your finance committee will recommend a policy for organization and final adoption by your council as a whole. See Finance Manual.

2) The towns themselves, with the advance of the community adviser, decide on the boundary lines of the new council to be considered in planning the jurisdiction you wish to include:

a) Transportation facilities

b) Common interests

c) Population (present and potential membership)

d) Financial resources

e) Communication facilities

After we decide that we want to belong to a council, what steps do we take?

Your community adviser will explain the steps thoroughly and help you carry them out. They involve:

a) Strengthening existing organizations

b) Holding meetings of towns to discuss the plan

c) Designating a "development committee"

d) Developing a new constitution

e) Developing a budget

f) Employing a staff

g) Establishing an office

h) Applying for a new charter.

(To Be Continued Next Week)

VETERANS INFORMATION AND SERVICE

By Melvin T. Dixon
State Service Officer

Dependence of Gold-Star parents on the VA for a spot check was made by the Veteran Administration to determine the eligibility of Gold-Star parents to continue to receive VA death compensation benefits if the grounds that they are dependent on the son or daughter whose life was lost in service. It is reported that a questionnaire is now being sent to the parents of 1,000 parents currently drawing death compensation because the spot check is alleged to have revealed many persons who are no longer dependent.

Information received in the new questionnaires indicates that the income exceeds \$105 for a mother or father (not living together); (b) \$175 for a mother and child (living together); (c) plus \$45 for each additional member of the family whose support is to be considered among the family group, then the parent death compensation will be discontinued.

In determining dependency the following sources of income will be considered: (a) Net income from property owned, or business operated, by the head of the family; (b) earnings of the mother or father; (c) earnings of other members of their family under legal age; (d) actual contribution of any character to the family, except by the administration; (e) all called military benefits; (f) old age assistance and old age and survivor's insurance; (g) family allowances received from sons or daughters in the armed forces.

Amounts received as benefits from any Government insurance, any pension or compensation from the VA, 6-month gratuity, mustering-out pay, donations of relatives, or any other source or serviceman's indemnity will be disregarded.

The fact that the veteran has made habitual contributions to his wife, children, or others is not conclusive evidence that dependency existed but shall be considered in connection with all other evidence.

For further detailed information concerning a parent's dependency, contact your local Veterans Service Officer.

FLORIDA STATE ANNUAL CONVENTION NOV. 17-19

The Home-Breeding Horizons

will be the theme of the 30th Annual Convention of the Florida Congress of Parents and Teachers Nov. 17-19 at Daytona Beach.

Dr. Alice Kelliker, professor of education, New York University will speak at the Tuesday night opening session on "The Home-Breeding Horizons of My Home."

Other speakers from Florida Universities will give interesting and educational talks.

Palm Beach County's large delegation will travel to the convention by chartered bus and those planning to attend should contact Mrs. Al Wetterstrom immediately.

The BANKER'S STORY

If you have need for a loan on a sound basis, we'll listen.

BEAUTIFUL CHRYSLER FOR '54

POWERFLITE

the most automatic of all no-clutch transmissions today

the better, safer way to drive without strain, without tension, without shifting!

PowerFlite frees your hands, feet and mind completely from all gear-shifting work... frees you from all strain and tension. Here is new ability to pass a car more safely, and in less time and distance. Here is a new gift in safety and uncluttered ease when you're caught in the downtown traffic snarl. Here is the newest in Chrysler engineering... that masters steep grades without making a thing of it... that gives you new surety of escape from mud, sand, and snow... that's so simple and sturdy built that it's by far the easiest to drive. Our trial will show you Chrysler PowerFlite is the finest and most automatic transmission ever built!

Chrysler engineering... that masters steep grades without making a thing of it... that gives you new surety of escape from mud, sand, and snow... that's so simple and sturdy built that it's by far the easiest to drive. Our trial will show you Chrysler PowerFlite is the finest and most automatic transmission ever built!

Come see and try All the great New Chrysler features!

Now, for the first time in any car, you enjoy the smoothness and quietness of the new 1954 Ford V-8... and the new 1954 Chrysler V-8 with 223 or 193 H.P., or in the Windsor Daimler with the new 1954 110 H.P. engine. You also get the new Full-time Power Steering... new Power Brakes... new Double Window Lifts... new Chrysler Electronic Control... and many other surprising new beauty that says you drive the leader!

"The Power of Leadership is yours in a Chrysler"

BECK MOTORS Highway & Senbenito St.

Clewiston, Fla.

THE BELLE GLADE HERALD

bank in one place within the council and to have one treasurer who signs all checks. Your girls and your leaders will receive the services the budget was raised to deliver. This is the way your money will return to your community and your troops.

How much money goes to the National Organization?

Only your Council charter fee of \$100 is sent to headquarters. (Each individual pays her own membership fee which is in the national organization.) Would we still control our troop funds?

Yes. Troops would continue to handle their own finances in accordance with the finance policies you develop for your council.

Organization and Structure

How large will the new council be, and who decides that?

The towns themselves, with the advance of the community adviser, decide on the boundary lines of the new council jurisdiction you wish to include:

a) Transportation facilities

b) Common interests

c) Population (present and potential membership)

d) Financial resources

e) Communication facilities

After we decide that we want to belong to a council, what steps do we take?

YOU HEAR HIS IDEA TODAY!

The telephone you use today was once just an idea in the mind of Alexander Graham Bell. Since his time, countless other ideas of telephone scientists and engineers have contributed to the fast, clear telephone service you now enjoy.

The idea still runs. Telephone men and women everywhere are constantly seeking better and more economical ways of providing your service. Each year Southern Bell employees submit more than 2,000 suggestions. Many are put into practice, and cash awards are given by the Company.

This spirit of always searching out better ways to do the job pays off for you in the best possible telephone service at the lowest possible cost.

year of 1953 went in the mall last week and quite a number of property owners have already paid the taxes.

The appointment of Mrs. Lovell as city clerk completes a clean sweep of appointive positions by the recently re-organized city council. Attorney Ralph C. Johnson, former city attorney for the past four years since his brother was then city clerk, Lt. Commander Jack O. Johnson returned to active service with the navy, while replaced by Lt. James Jones of Belle Glade and T. L. Dean, foreman of public works was replaced by Ben Austin.

There will be a district meeting of Rebekah Lodge on Tuesday night, November 17 at the Benevolent Hall. Mrs. Catherine White, district deputy president requests that all members be present at this meeting.

EAST LAKE SCHOOL NEWS

Campus Highlights

An appreciative audience gathered at our Vesper program in October to hear and enjoy the singing of teacher choristers Rev. A. C. Anderson and members were invited as special guests. Rev. Anderson, speaker of the evening gave a very timely address concerning the value of music in the school.

The services are to foster school community relationship. We are extremely grateful to all present and we hope to have many more of our parents join us in one of our activities.

Your presence will make the teachers and students very proud of their efforts put forth to make these programs what they should be.

At its last meeting Mrs. Lucy Balnes was elected as delegate to attend the 88th District P.T.A. which will convene on Nov. 21 at Clermont. Florida.

Walter Maser, graduate of Trinity Church of the Nazarene, London, England is scheduled to present several concerts of interest to all music-lovers.

Their itinerary includes nightly performances at the High School, Temple, throughout the month of November.

On Monday, Nov. 10 at 8:00 pm.

On Tuesday, Nov. 11 at 8:00 pm.

On Wednesday, Nov. 12 at 8:00 pm.
